

St. Mary's School at a glance...

St. Mary's School is a ministry of Immaculate Conception Catholic Church in Clarksville with a history extending back to 1860. After a period of time without a parish school, it reopened again in 2000 at its present location growing to include Kindergarten through 8th grade. A preschool serving ages 1 to 5 is also a part of this ministry.

Science	Physical Education
Religion	

Academic Preparation
High academic standards are the norm at all grade levels, preparing students to succeed in high school and beyond. Students that attend our diocesan college prep high school – Pope John Paul II – are well prepared to achieve success in a challenging academic environment.

Annual Assessment Program
Iowa Test of Basic Skills (ITBS) is a test battery designed to collect critical educational data and is administered to students each spring in grades K – 8. St. Mary's students consistently perform well above their grade equivalency and excel at all areas in all grade levels.

The EXPLORE Test is given to students in grades 7 and 8 each fall. It is the start of a long-term assessment system continuing with PLAN and the ACT and helps to explore a broad range of future options. EXPLORE prepares students for high school coursework, providing tools to establish a four-year program of studies that will help them achieve their career and educational goals.

Class Size Average class size is 16 with a student/teacher ratio of 11:1
