NOTES:

~Students are tested in the seventh month so base grade level is calculated at 1.7 for first graders or 8.7 for eighth graders, etc.

~ Average SMCS Testing is a composite score from testing Reading, Math, Language, Social Studies & Science.

~There were no composite scores for the kindergarten class in the 2006-07 or 2007-08 school years.

~2006-07 eighth graders scored 99 percentile across the board and their composite grade level score was "13+".
